RE: Navigability Determination – 6053 Whippoorwill Rd, Section 12, Town of Berry

The Dane County Zoning Division has made a navigability determination for the headwaters of Halfway Prairie Creek.

This determination is created to reflect previous zoning decisions made in 2015 and field observations at that time. Before making this determination, the County G.I.S., aerial photography, and the Wisconsin Surface Water Data Viewer were used to determine the categorization of this intermittent stream. An intermittent stream is one that has a periodic or recurrent flow.

It has been determined that the portion of Halfway Prairie that is located within 300 feet of the property at 6053 Whippoorwill Rd (parcel 0807-121-9100-0) is NOT navigable. The creek, downstream of this determination has not been evaluated for a point of beginning of navigability and such a determination is out of scope at this time.

Sincerely,

Hans Hilbert  
Assistant Zoning Administrator
