RE: Navigability Determination – Northwest Quarter, Section 27, Town of Springdale

After review of the intermittent stream located on parcel 0607-281-8220-3 using current aerial photography (FlyDane, Bing Maps) and LIDAR contour data it has been determined that this intermittent stream is not navigable for the purpose of development of an accessory building on parcel 0607-272-9111-0. This determination was based on lack of defined bed and bank, and characteristics of “flow over land” drainage.

Hans Hilbert

Assistant Zoning Administrator
