RE: Navigability Determination – Town of Vienna, Section 23 and 26 - Drainage District #29 (various parcel numbers)

Dear Mr. Massie:

The Dane County Zoning Division is in receipt of your request for a navigability determination for an unnamed intermittent stream that crosses under Daley Rd. in Section 23 and extends to the south in section 26 in the Town of Vienna.

Before conducting the site inspection, the 24K U.S.G.S. Topographic map was used to determine the categorization of this waterway. The map shows that there is an intermittent stream that may be located on the property. An intermittent stream is one that has a periodic or recurrent flow.

A site inspection was conducted on April 12, 2010 to verify the navigability of the waterway. It has been determined that this intermittent stream is NOT navigable until a point which is referenced as Station 27+00 on the plan view map you provided.

This letter serves as notice that the ditch work that will occur on the lands described, specifically from station 27+00 and to the north **is outside the Shoreland Zoning District** as defined under section 11.02, Dane County Code of Ordinances.

I hope you find this information helpful. If you have any questions regarding this matter, or if I may be of further assistance, please feel free to call me at (608) 267-1541.

Sincerely,

Daniel Everson  
Dane County Zoning Inspector

Cc:  
Kris Schutte, Zoning Administrator  
Hans Hilbert, Zoning Inspector  
Ryan Shore, Dane County Land and Water Resources Department
